This is a great place to find help with addiction if you need it. The staff are 100% genuine, and truly care about your well being. They are not pushy, fake, or judgemental. Overall I think they are the best addiction treatment center around noco. Thank you very much to the staff at FRC from me and mine!

This clinic saved my life. I had relapsed and my son was about to be born. He's now almost two years old and will never know anything but a sober father.

Everyone in the front range clinic in Greeley are so kind and friendly and very understanding I'm so happy that I called them to get the help I needed and I'm very grateful to have their support now

★★★★★ 23 weeks ago

I am a new patient that recently got out of detox. I felt ashamed and embarrassed when I first went in. They were so kind and helped quiet the inner critic telling me to be ashamed. If you are recently recovering from drugs and/or alcohol, it is a great place to go for support.
