April - Child Abuse Prevention Month

April is Child Abuse Awareness Month, a time dedicated to raising awareness about the signs of abuse and neglect, and promoting the safety and well-being of all children. It reminds us of the importance of supporting families, strengthening communities, and working together to prevent child abuse before it starts. It was amazing to see how many people wore blue ribbons and participated in Child Abuse Awareness and Prevention events. Thank you to those who continue to advocate for every child's right to grow up in a safe, nurturing environment!
